“ There are so many memories. Debbie and I grew up together, we were the best of friends and blood sisters, but we had multiple best friends we never had to be exclusive (only having one) Almost all the kids on Weddell street were more like brothers and sisters instead of just neighbors all of us had each others back we could be mad at each other, but let someone else try to start a fight we were always there to back one another there was Loyalty, we did some crazy and fun stuff together, her favorite food as a kid was Franco American Spaghetti with butter added to it she use to think it was funny because it always grossed me out to see her eat this and she laughed at me and watched me cringe as she ate it. We had the typical sleep overs or camp outs, went Roller skating, hung out at Farlane mall, swam at each others house and much.. much.. more. We had a strong bond no matter how many years pass we could pick right back up without a second of hesitation we kept in touch throughout the years knowing that all we had to do was make a call and we'd be there, we had our own lives to live as adults and starting families, we shared good times and bad but never judged. I remember when she became an Aunt for the first time so proud, when she had her 2 lovely girls and then her little boy she was so proud and happy. Then when she became a grandma for the first time I still see her smiling proudly her family meant everything to her! She loved them all dearly! So I say to Jackie, Tasha, James, she loved you all with everything she had she will always be watching over you, smiling as you grow and your children grow and know a part of her lives within you always. Joanne (her mother) Bill (her brother) Brenda(her sister) she will be watching over you as well she loved you all and is now at peace, she is now with her dad in heaven not suffering, but smiling knowing she will always be watching over you until it is time to join her. She Loved you all! Rest in Peace Debbie forever in our hearts and never will be forgotten you touched our lives and will live on through all of us! God bless your soul. You will be missed!

“ I want to thank you Debbie... for opening your heart, home, and family to not just myself, but my family also. It was a pleasure and honor to be a brief part of your time on earth. You smiled thru the BS. You always kept what was important close to your heart. Thanks for the many talks, hugs, and being Mom To me. I will always love you!
