“ *My deepest sympathy goes to the family. I have known Mrs. Williams & her family for 50 yrs. she was my other mother that I loved & respected. I'm happy that I was able to see her a few weeks ago and combed her hair. She gave me a big wink when I was leaving. RIH mama. Love you.*

“ *Perhaps this moment is unclear, but let it be -even if the next, and many moments after that are unclear, let them be. Trust that God will help you work them out, and that all the unclear moments will bring you to that moment of clarity and action when you are known by Him and know Him. These are the better and brighter moments of His blessing. Praying for you.*
