“ I had the pleasure of knowing Mr. Taig from his physicians office. He was the most pleasant person I have ever met. So kind and thoughtful, always smiling. I always admired how he took care of his wife and always asked how I was doing. He will be truly missed.

“ Leonard was quite possibly the nicest guy I have ever met. Unfortunately, I only had the chance to know him the last 6 years after I moved in a few doors down from he and Patricia. I was always amazed by his positive spirit, despite things that would put most men to their knees. He was always thankful to be out for a walk and smiling every time we met. He had great advise about living, loving and parenting. This was especially memorable to me since I met my wife and had our first child during this time. I can only aspire to have such a positive outlook on life as Leonard did, you will be truly missed.

Dear Leonard,

"I haven't shaken the hand of a good man yet today", That's what you'd always tell me, "By Golly"! I'm really going to miss you! You and Pat were like grandparents to me and you always made everyone smile during your time at the gym clinic. All of your friends are going to miss you and your great hunting stories and friendly conversations. It was a great pleasure knowing you and, while I was supposed to make you and Pat feel welcomed and cared for, you always made me feel that way. And, I always appreciated your help folding the linens. We even made you an honorary rehab tech. Rest in Peace my friend. Sending love and light to Pat and your family. Love, Tim
