“ *A true shock to hear this news. He worked for us for years and our friendship grew everyday he came over. He loved to be busy and treated our home and property with care as if it was his own. I will truly miss him. May he RIP and be with his mom who he always talked about. I hope his family will take over the flower job he always showed me that he did at the cemetery for his family. A very talented guy. He will be missed by many.*
