“ Unlce Robert, I love you and already miss you so much. I hope you know how much our family counted on you and how it will never be the same without you. You were like a second father to me, and I thank you for always being there for all of us girls. We will miss you forever and I will never forget the kindness you shared with me throughout your life. I am going to work on calming down and looking out for myself, just like you told me in our last phone call. I love you always....

“ *Dad, I remember when I was pregnant with Mr Mr and you were always making sure I was okay and healthy and you yelled at me for not taking my medicines, and then you came to the hospital before I had my c section and you were so happy. I never seen so much joy in your life until he came, it was just amazing to watch you guys together. I'm going to miss every morning when you came in to make him smile and lay on the bed with him.*
